It's wonderful for quilting because piecing and quiltblocks match perfectly. Layers don't shift.

Largest sewing area!

The creative vision™ is the perfect machine for quilters offering the most space to the right of the needle (250 mm x 110 mm) – perfect for working with your quilt.

Select the patchwork program, sew your seam and the creative vision™ will remember the seam length so you can sew it over automatically.

creative vision™ – The ultimate sewing and embroidery machine.

Just a touch!

User commands are simple. Modify stitches, combine stitches or even create stitches with just a touch. You'll see them in actual size right on the Pfaff HD screen.

Brilliant – Custom LED lights

Optimized bright lights illuminate the entire work area with no shadows. Adjust the intensity and color of the light for your room and fabric color.

Unique – Stitch creator!

With the unique Stitch creator from Pfaff you can even create your own decorative stitches, or edit the built in stitches, directly on the Pfaff HD screen.

Countless decorative stitches!

A huge variety of beautiful stitches including 9 mm wide decorative stitches, up to 50 mm wide Maxi Stitches and all are infinitely combinable. Plus new stitch types such as pearl and edge stitches. Select from over 500 stitches plus many alphabets.

The original – only from Pfaff for over 35 years!
The ultimate in piecing perfection!

Absolutely even fabric feed from both the top and the bottom.

The fabric is fed simultaneously from both the top and the bottom. Absolutely nothing can slip when working with fine fabric or several layers. It's wonderful for quilting because piecing and quilt blocks match exactly. Even long lengths of heavy fabrics can easily be sewn from beginning to end. Only Pfaff has the original IDT™ built into it's sewing machines to guarantee that the feed dogs are perfectly synchronized. Sewing forward or backward and with many different type of feet.

At the touch of a button!

It's fascinating – things seem to happen by magic on the creative vision™. At the touch of a button, the presser foot is raised or lowered, top and bobbin threads are cut, the needle remains in the fabric, and the machine can be started or stopped without need of the foot control. Upper/Lower Thread Sensor lets you know in time when the thread is running low.

Shaping!

When a decorative stitch follows an interesting shape, unique embroideries happens. The creative vision™ does this automatically. Select one of the wide range of pre-programmed shapes or create your own. Everything is clearly presented on the Pfaff HD screen. Have fun playing with the possibilities – you'll love the results.

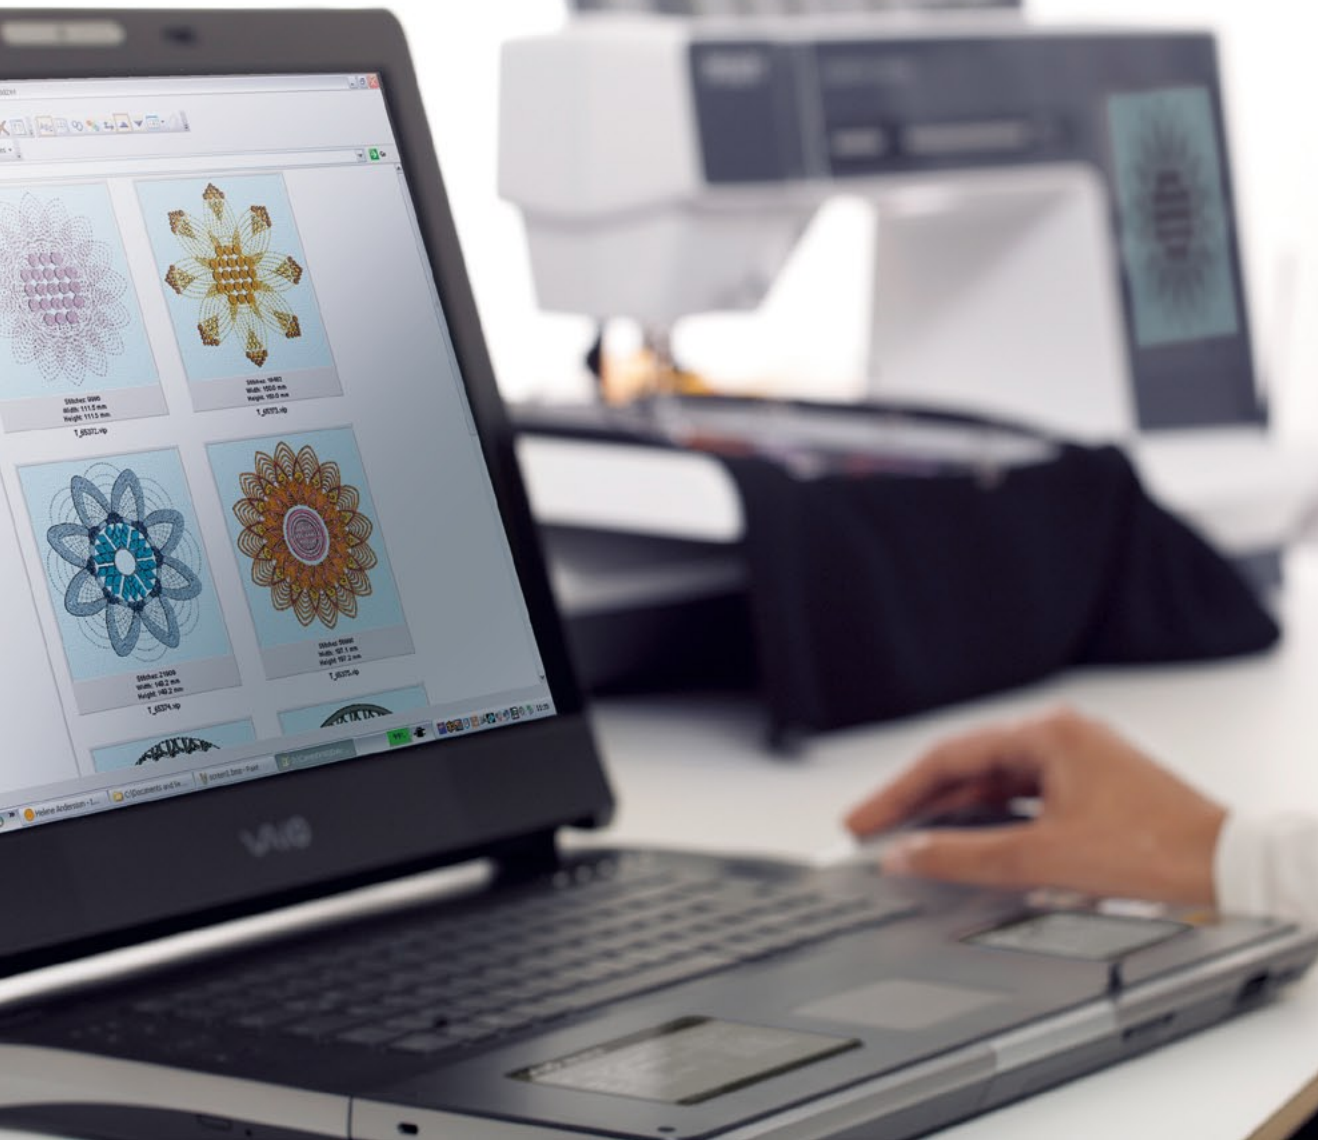

Tapering!

All 9 mm decorative stitches can be tapered with independent angle choices.
