

Information

Purpose

- For guilting with pantographs and for automated guilting with Q-matic.
- For quilting over uneven surfaces like embroidery, appliqué or thick seams.

For your safety

Before using this accessory, please read the instruction manual at hand as well as the instruction manual of your machine carefully.

Application

Attaching the Cup clip

- > Place the Cup clip with the rounded side facing downwards on a sturdy
- > Carefully push the presser foot from above into the clip, so that the slot is covered by the foot. (Fig. 1)
- > Push the presser foot in until the sole of the foot is flush with the sole of the Cup clip. (Fig. 2)

Removing the Cup clip

- > Remove the presser foot from the machine.
- > Hold the presser foot and detach the Cup clip from the presser foot by a rotating movement downwards. (Fig. 3)
- > If the clip is too tight, use a flat blunt object as an aid, e.g. a screwdriver. Place the clip on a solid surface and push the screwdriver carefully into the slot of the clip until the clip can be detached from the presser foot. (Fig. 4)
